

# Energy Policy.

We are focused on maintaining a culture of continuous improvement for energy management through efficiency, conservation and innovation.

**We will:**

- Integrate strategic energy management into manufacturing systems.
- Optimize the use of carbon neutral and sustainable fuels.
- Create a culture where all employees are expected and empowered to maximize energy efficiency.
- Report performance on energy metrics to our Board of Directors, shareholders, employees, customers, and other interested parties.

A handwritten signature in black ink that reads "S. Mackie".
